Baby Shower

The Price is Right

Eight baby essentials - guess the price - closest total wins

This is the free sample. It is a complete, playable game - print as many copies as your party needs. The full version has more questions, a separate answer key for the host, and both US Letter and A4 layouts.

How to play

- Hand out one sheet per guest. Do not let anyone see the answer key (page 2).

- Give guests 4 minutes to write a price for every item. No phones.

- Read the real prices out loud and have each guest total their sheet.

- The guest whose total is closest to the real total wins - not the closest on a single item.

Host tip: the winner is decided on the *total*, so somebody who is wildly wrong on one item can still win. That keeps the last-place guests in the game.
